Issue #33

May 2014

Words can never fully express what Biofeedback is all about. I have tried to explain to people how **ZYTO Biocommunication** works, but I find that a demonstration is the best way to paint a clear picture of HOW it can save you time & \$\$\$.

Take a look at this short **DEMO** video, then **contact me** if you would like to find out more about biofeedback and how we can take away the guesswork in finding the right supplements to heal your body and restore balance!

Meanwhile, check out my blog called "**The Green Wonder**" to learn about an amazing herb/superfood that has a broad range of actions, from pain relief to preventing miscarriage and minimizing menopausal concerns by balancing hormones.
